OUR APPROACH

Your brand. Your concept. Our amenities.

01

Select

Choose the formats and references that suit each room category, from tubes, bottles and soap to slippers, room accessories and trays.

02

Personalize

Define how your identity is applied: logo, colour, packaging, embroidery, labels, materials and finishes, according to the options of each product.

03

Develop

We work with your team on the final specification, so the amenities are consistent with the property and the experience you want to offer your guests.

1. Tube diameter is set, length can be adjusted.
2. Specifications are for reference only, and customer sizes are available.
3. All tubes length are the testing result after the sealing; if customer seals the tubes by himself, the tube length should be increased 10-20mm.

SHEAMOISTURE Our story

OUR STORY

SheaMoisture is first and foremost a family brand, and **Shea Moisture is the legacy of Sofi tucker.**

Grandma Sofi was widowed at 19, and to support her family, made and sold her handcrafted shea butter soaps and other creations in Sierra Leone.

Sofi became known as a healer who **shared the power of Shea and African black soap** with families throughout the countryside, and her products were sought after.

She handed down her recipes to grandson Richelieu Dennis, SheaMoisture founder and CEO, who incorporated four generations of her wisdom into his hair and skin care.

We continue to honor her vision by formulated with Shea Butter handcrafted by women in Africa.
